# Archiving 35mm slides:

## It's easy when you use our patented system

**KUNZE** has patented the unique *Journal Cassette* for the presentation and storage of slides. The *Journal Cassette* consist of a rigid two-piece plastic design. The clear plastic is polystyrol, a neutral anti-static material. There is a front and a back cover held together by a tape binding and opens similar to a book. Not only does the *Journal Cassette* protect against dust and fingerprints, but the rigidity prevents the emulsion from being compressed against the holder during handling. The *Journal Cassette* also prevents any accidental spills once the fastening strip is secured. Slides are held at a slight angle, therefore, the emulsion never comes in contact with the *Journal Cassette*. See the cross-section drawing below.

The cornerstone of *Journal Slide Archive System* is the *Journal Cassette*. Each cassette is an independent component, convenient for transporting to presentations. Storage can be as simple as putting on a bookshelf to cataloguing in plastic boxes that neatly hold and organize six cassettes. As your slide collection grows, the *Journal Archive System* can expand to meet your needs. For larger slide libraries, **KUNZE** manufactures slide cabinets available for use with the *Journal Cassettes*. Most of these cabinets come with built-in light tables.

The system further contains shipping and archiving boxes, magnifiers, suitcase lightboxes and light tables.

### Journal Box JB

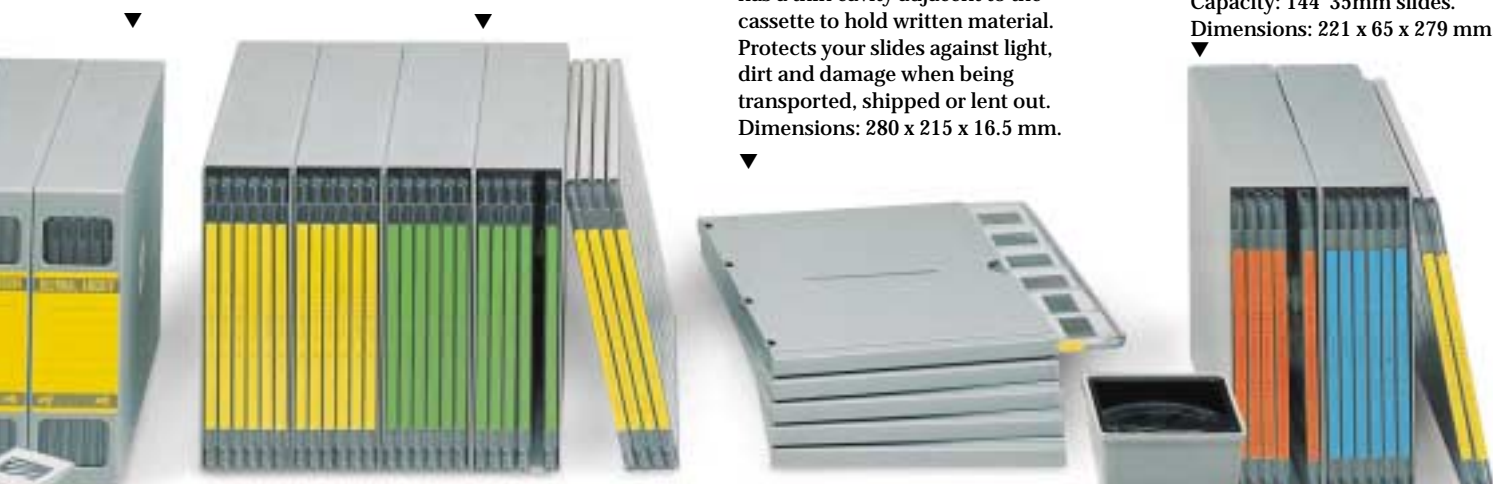

This box is designed to hold six *Journal 24 (J 24)* Slide Cassettes. The rigid anti-static plastic has a Leather grain texture on the side panels. Cassettes can be nudged out of the *Journal Box* through the openings on the closed end. The box adheres to the area between openings.

**JB** *Journal Box* - empty  
**JB/6** *Journal Box* with six *J 24*.  
 Capacity: 144 35mm slides.  
 Dimensions: 221 x 65 x 279 mm.

### AV Box / Presentation sleeve

A stylish and sturdy sleeve made to protect and transport a single *Journal 24 Slide Cassette (J 24)*. It has a thin cavity adjacent to the cassette to hold written material. Protects your slides against light, dirt and damage when being transported, shipped or lent out. Dimensions: 280 x 215 x 16.5 mm.

J 24

VEPR

Note: ▲

## Journal 24 S slide cassette

Capacity: 24 mounted 35mm slides with a mount thickness of up to 2 mm.  
Otherwise the same as Journal 24.  
Dimensions: 277 x 214 x 10 mm.

## Journal 24 – easy to use:

**Opening:** Slide the grey fastening strip from the cassette and open the top cover to the side, just like a book.

**Closing:** Close the top cover and then join top and bottom covers of the cassette using the fastening strip.

## VEPR fastening strip J 12, J 24

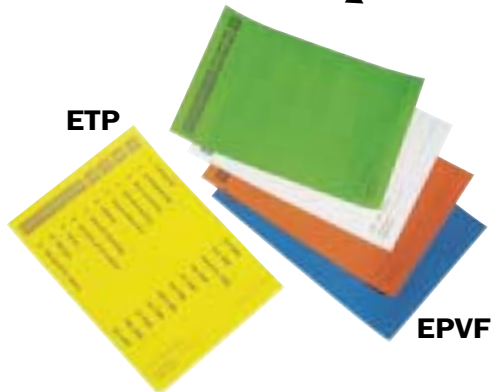

## Journal 24 – quick and easy reloading for projection: ▲

24 slides from a Journal 24 cassette can be reloaded into a presentation cartridge in under a minute:

Just turn the cassette around so that the rear is to the top and the logos are upside down and then open it.

Start at the bottom left when transferring.

# Use the system to archive your **35mm slides** economically and securely

■ Report 24 is the economical and practical alternative or complement for the Journal 24 system.

*Its basic element is the one-piece R 24 viewing frame which hold 24 - 35mm slides.  
It is economical, easy to use and access. Slide can be viewed at a glance.  
The ten-unit Report 24 pack is just 9 cm (3 3/4") high with its cover plate.  
Slides are secured into the frame's notches with a slight touch.*

*The uniformity of their dimensions means that Report 24 is completely compatible with Journal 24, and can be stored in Journal Boxes or any KUNZE slide cabinet.*

■ RPI tweezer for easy and secure handling.

■ R 24

■ Report 24 slide archive frames

◀ Capacity: 24 35mm slides, held in place by notches. The light and sturdy R 24 frame facilitates a quick overview and practical sorting. It can be labelled on all four sides using self-adhesive labels.

The frames can be stacked together, providing a mutual seal for each other. The stack of frames is protected against dust and dirt by the corresponding RDG base or cover plate. Format: 277 x 214 x 9 mm

# KUNZE combination cabinets

## archive your slides in a easily viewed system that allows for expansion.

**KUNZE combination cabinets** can be supplied fully assembled or, as self-assembled units. They can be combined as required to make complete wall cabinets.

You can work at the light tables while sitting comfortably. All cabinets are lockable.

**Combination cabinets** can be equipped with **H guide plates** for horizontal storage of **JOURNAL 24** cassettes, and can be specially equipped for **JOURNAL 12**.

Using compartment bases or compartment division, the **combination cabinets** are also suitable for upright cassette storage using the horizontal **JOURNAL 24**, **JOURNAL 12** or, when stacked, **REPORT 24**. Mixed internal fittings can also be supplied.

**Fittings:**

Body+edges: Melamin faced chipboard,  
MFC: beech finish,  
white, pale grey

**Edges**

as required: dove-blue or yellow

◀ **CH 135** combination module with H guide plates

Capacity:

- 3.240 35mm slides in 135 **J 24** cassettes or
- 1.620 6x6/4.5x6 slides in 135 **J 12** cassettes, custom-made.

Dimensions: WHD 30 3/4 x 23 x 17 3/4" 78 x 58 x 45 cm.

◀ **C 180** combination module with nine compartments

Capacity:

- 4.320 35mm slides in 180 **J 24** cassettes or
- 2.160 6x6/4.5x6 slides in 180 **J 12** cassettes or
- 5.616 35mm slides in 234 **R 24** viewing frames

Dimensions: WHD 30 3/4 x 30 3/4 x 17 3/4" 78 x 78 x 45 cm.

Finish: pale grey, yellow edge

◀ **CF 135** combination module with adjustable shelf.

Capacity:

- 3.240 35mm slides in 135 **J 24** cassettes or
- 1.620 6x6/4.5x6 slides in 135 **J 12** cassettes or
- 1.215 6x7 slides in 135 **J 67** cassettes or
- 4.320 35mm slides in 135 **R 24** viewing frames

Dimensions: WHD 30 3/4 x 23 x 17 3/4" 78 x 58 x 45 cm.

◀ **CH 180** combination module with H guide plates

Capacity:

- 4.320 35mm slides in 180 **J 24** cassettes or
- 2.160 6x6/4.5x6 slides in 180 **J 12** cassettes, custom-made.

Dimensions: WHD 30 3/4 x 30 3/4 x 17 3/4" 78 x 78 x 45 cm.

Cabinets not supplied with cassettes or accessories.

◀ **CHL 150** combination module with H guide plates, light table and pedestal

Capacity: ■ 3.528 35mm slides

- 1.944 35mm slides in 81 **J 24** cassettes and
- 1.584 35mm slides in 11 **JB 6/6** journal boxes or
- 972 6x6/4,5x6 slides in 81 **J 12** cassettes, and
- 792 6x6/4.5x6 slides in 11 **JB 12/6** journal boxes

■ Lower compartment suitable for 11 **JB 6/6** journal boxes

Dimensions: WHD 30 3/4 x 33 x 17 3/4" 78 x 84 x 45 cm.

▲ **CL 130** combination module with compartments, light table and pedestal.

Capacity:

- 3.024 35mm slides in 21 **JB 6/6** journal boxes or
  - 1.512 6x6/4.5x6 slides in 21 **JB 12/6** journal boxes or
  - 4.680 35mm slides in 195 **R 24** viewing frames
- or you can use the lower compartment for albums, files or accessories.

Can also be custom-made with a suspended file pull-out facility. Dimensions: WHD 30 3/4 x 33 x 17 3/4" 78 x 84 x 45 cm.

Finish: pale grey, dove-blue edge

◀ **CSH 336** combination cabinet with H guide plates and light table.

Capacity: ■ 8064 35mm slides in 336 **J 24** cassettes  
 ■ 6.480 35mm slides in 270 **J 24** cassettes and  
 ■ 1.584 35mm slides in 11 **JB/6** journal boxes or  
 ■ 4.032 6x6/4,5x6 slides, custom-made  
 ■ 3.240 slides in **J 12** cassettes and  
 ■ 792 6x6/4,5x6 slides in 11 **JB 12/6** journal boxes  
 lower compartment suitable for  
 ■ 11 **JB 67** journal boxes, albums, files, accessories  
 Dimensions: WHD 30 3/4 x 63 3/4 x 17 3/4"  
 78 x 162 x 45 cm.

**MS 270** media cabinet divided into compartments

For the combined storage of slide cassettes and suspensions files, video cassettes, CDs and accessories. Underneath you will find a drawer and a pull-out facility for around 200 suspended files or hangers, otherwise equipped as **S 460**.

Capacity: ■ 6.480 35mm slides  
 ■ 6.480 35mm slides in 270 **J 24** cassettes or  
 ■ 3.240 6x6/4,5x6 slides in 270 **J 12** cassettes or  
 ■ 7.200 35mm slides in 300 **R 24** viewing frames  
 Dimensions: WHD 40 x 63 3/4 x 17 3/4" 102 x 162 x 45 cm.  
 Finish: white, pale grey, light oak, beech.

Dimensions: WHD 40 x 86 1/2 x 15 1/2" 102 x 220 x 39 cm.

- Can be supplied for Journal 67 on request.

# The Journal cabinet system: Tried and tested for decades, state-of-the-art archiving technology.

Top quality right down to the smallest detail.  
Definitely the best place for your precious slides.

Finish: beech SH 246

**Journal combination cabinets and slide cabinets** have been specially developed for the safe and practical archiving of large quantities of slides, ensuring that you always have an overview.

**Combination cabinets** can be extended as required ... and can even be assembled into complete wall cabinets. Your precious slides are even protected when the cabinet is open.

◀ Our light tables are equipped with 5000<sup>0</sup> Kelvin luminescent tubes ensuring that the colours you see are the colours on your slides!

The slide cassettes can either be placed in the cabinets just like books... ▶

◀ or you may decide on cabinets with horizontal guide plates. Each cassette has its own compartment; labelling is horizontal and easily read.

When ordering combination cabinets and slide cabinets with horizontal H guide plates, please state which Journal cassette system you want to use.

**H 15 H guide plates** for journal cassettes can also be supplied in pairs, so you can retrofit shelves or cabinets.

Capacity:  
15 journal cassettes per H 15 pair.  
Dimensions: 250 x 179 x 10 mm.

With compartment divisions for  
■ Journal 24  
■ Journal 12  
■ Report 24

With H guide plates for  
■ Journal 24  
■ Journal 12 (custom-made)  
■ Journal 67 (custom-made).  
■ For AV boxes on request

## A wide choice of finishes:

Combination cabinets and slide cabinets are made of tested Melamin faced chipboard, MFC. Depending on the model, they can be supplied in beech, light oak, walnut or black ash.

Some models are available in white or pale grey, either uniform or with door edges in contrasting colours. See the list to the left.

## We can fit out...

...your archives, office, laboratory or surgery on an individual basis. Let our development department realise your wishes.
